ANSWER

Minister of State in the Ministry of CIVIL AVIATION

(Shri Murlidhar Mohol)

(a) & (b) Post the resignations by some engineers, the senior leadership of PHL engaged directly with the concerned individuals through discussions to assess their grievances and provide clarity on the organizational framework governing salaries and benefits.

To overcome any challenge, Pawan Hans Ltd. has taken immediate measures to ensure that operations and safety standards remain unaffected. The company has implemented an interim workforce management strategy, including internal redeployment and optimized workload distribution among existing engineering staff, to maintain seamless operations.
